

2 Sanctuary Collection

Personal Sanctuary

A space to step away from the noise and return to yourself.

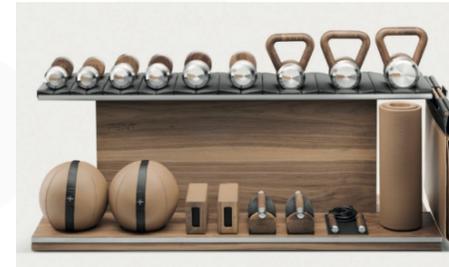

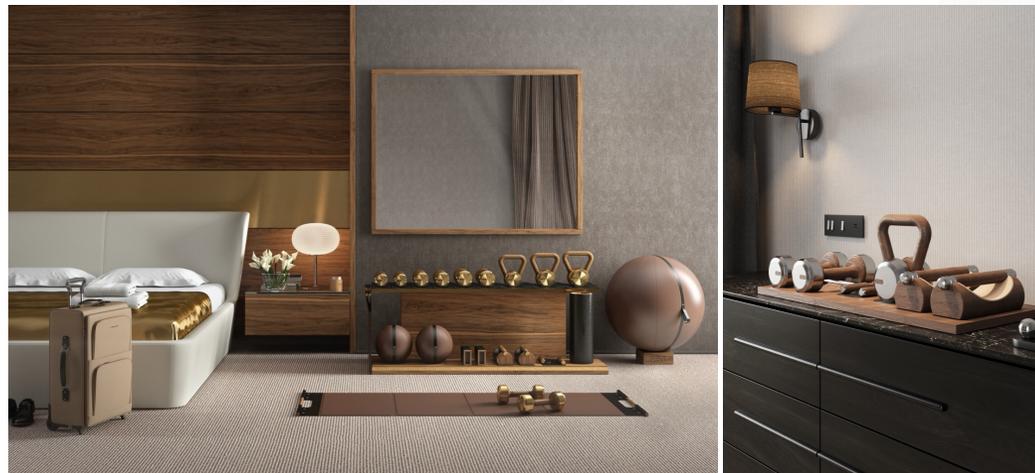

Placed beside the bedroom like an object of quiet beauty, each tool offers a warmth that cold metal cannot.

It gently shifts the rhythm of the day.

The warmth of natural wood against the skin softens tension with every deep breath,

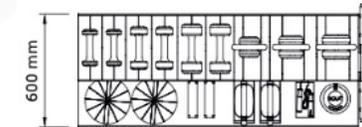

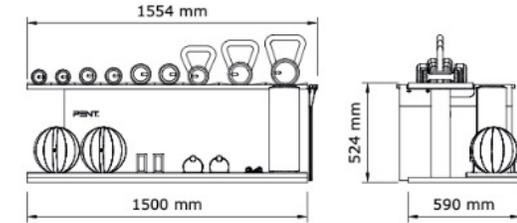

leading into a moment of self-care and calm.

A private place of rest, created to restore both body and mind to their natural state.
